## MOKERS

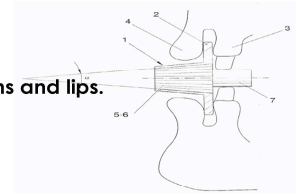

### ANTI-SMOKING TOY ®

#### INSTRUCTIONS

- 1 Loose clothing in lying or sitting position and swallow all the saliva.
- 2 Placed Bovi7 in the mouth as the picture shows below.

- 1.- Nozzle.
- 2.- Sheet between gums and lips.
- 3.- Gums and teeth.
- 4.- Lips.
- 5.- Air exit cone.
- 6.- Inlet cone.
- 7.- Tooth space.

- 3 Take air from the nose and throw it through the mouth.
- 4 Now breathe through your nose filling first your belly with air (as much as you can) and then fill the chest to the maximum capacity. When you can't get more air exhale it through the mouth, without forcing or blowing, through your bovi7.
- 5 Make 12 complete breaths as the previous point describes.
- 6 After the 12 complete breaths, smoke a cigarette without bovi7. You will want to leave it because of the dizziness and the disgust you feel. It can produce headache.
- 7 Take Bovi7 always with you and repeat this process whenever you feel desire to smoke.

## EXPLANATION

A cigarette is made to create addiction, but it is designed for normal breathings (small breaths), those that we usually do.

When we smoke the first cigarette after using bovi7 the body rejects it because we have made complete breathings and we have completely opened our lungs. A cigarette contains more than 4.000 substances that reach the brain very quickly and in more quantity, as well as the rest of the body causing intolerance.

## ADDITIONAL INFORMATION

Bovi7 is designed to be used during your sleep.  
Using it, you will clean your lungs if you have smoked previously.

The white square in the package is to be customized, so that you will always have located your bovi7.

Bovi7 can be cleaned by hand with tap water, 10 seconds are enough, soap is not necessary, nor specific temperature of the water, but if you prefer you can clean it more thoroughly.

The package containing bovi7 is recycable and allows to keep bovi7 again after each use.

We recommend to replace bovi7 after 3 months of use.

**WARNING:** Basetia Innovación, S.L. takes no responsibility for the misuse of bovi7.

Keep away from children under 5 years.

Bovi7 is not recommended for people with epilepsy and or schizophrenia.

Bovi7 is registered by the Patent and Trade Office with number 200802597.
